# INTERNET SAFETY FOR PARENTS

Detective **Brian Kearns**, with the Digital Technology Investigations Unit, will present information and take questions on the following topics:

- Identifying Online Predators
- Trends in Social Media
- Too Much Information
- Cyberbullying

Detective Kearns' unit is part of the **federal Internet Crimes Against Children Task Force**, which was founded to help federal, state, and local law enforcement agencies work together to investigate offenders who use the internet, online communications, or computers to sexually exploit children.
