

Before she starts buying into peer pressure.

IT'S NEVER TOO EARLY TO START TALKING

March 13th 1:00-2:30pm

First Presbyterian Church

40 E. Church St, Washington, NJ

Lunch will be served. Door Prize is included. Childcare is available for children over 2 years old.

The foundation for all healthy habits is formed during early childhood, which makes this a great time to set the stage for a drug-free life. Conversations are one of the most powerful tools parents can use to connect with and protect their kids. When tackling life's tougher topics, such as drugs and alcohol, figuring out what to say can be a challenge. The Warren Hills Community Coalition (WHCC) will provide parents of children between the ages of two and eight with the skills and knowledge necessary to help them raise drug-free kids.

PARENTS ARE THE NUMBER ONE INFLUENCE IN A CHILD'S LIFE

KIDS WHO HAVE CONVERSATIONS WITH THEIR PARENTS ARE 40% LESS LIKELY TO USE DRUGS AND ALCOHOL

THE SOONER YOU TALK TO YOUR CHILDREN ABOUT ALCOHOL, THE GREATER THE CHANCE YOU HAVE OF INFLUENCING THEIR DECISIONS ABOUT DRINKING.
