Dear Parents:

The Eco Kids Club will provide opportunities for interested fourth, fifth, and sixth grade students to gain knowledge, skills, and values of active environmental citizenship by participating in various projects such as school gardening and creating awareness for our school about environmental topics, including recycling and alternative energy. **Students who sign up should have a true desire to learn about these topics, a willingness to work cooperatively with other students, and an understanding that we will be outside in varying temperatures and working in dirt.**

The Eco-Kids Club will begin meeting on **Wednesdays starting February 5, 2020.** Be sure that your child comes to school with clothing that is appropriate for the outdoors and for the specific weather. Please be at Brass Castle by **4:25** to pick up your child after the meeting. Students with **two late pickups** may not be able to continue in the club.

Please review and sign the permission slip below. Return it to your child's homeroom teacher as soon as possible; we will be accepting students on a first come-first serve basis.
