October 29, 2020

Dear Parents & Guardians,

As we approach the holiday season, we ask all in-person students' families be mindful of travel regulations currently in effect due to COVID-19.

On June 24, 2020, the State of New Jersey announced a joint initiative with New York and Connecticut recommending that travelers from States with higher rates of COVID-19 transmission go into self-quarantine for fourteen (14) days. This includes travel by any means, including personal vehicles.

In-person students who travel to states on New Jersey's Travel Advisory list must quarantine at home for 14 days, from the date of their return from travel. Students affected by the travel advisory will be provided their schoolwork through Microsoft TEAMS. Please note, their teacher will provide assignments and information through TEAMS, but will not be providing live lessons. Therefore, we are urging all families to check the list of states on the travel advisory, which is updated periodically, to avoid travel to those listed states to prevent the need for self-quarantine. Parents/Guardians of student requiring quarantine should contact the school nurse to indicate the reason for the student's absence from in-person learning.

We are making this request in order to continue to ensure the safety and health of all school community members.

Thank you for your anticipated cooperation.

Sincerely,

Keith Neuhs  
Superintendent
