

THRIVING WITH **ADHD**

Kristyn Eckert, MA, LMFT, ADHD-CCSP
Christine Sullivan, MEd, LAC, DRCC

About The Group

Thriving with ADHD is a **FREE** 8 week group therapy program focused on supporting **males ages 8-12** with ADHD and their families. If enrollment is low female participants will be permitted to participate.

Two groups will be occurring this May/June. One will take place at the **Pioneer Family Success Center** in **Somerville, NJ** and the other will be at the **Washington Alliance Church** in **Washington, NJ**. The first and last session of the group are for parents and will be held virtually. Group components include coping skills, executive function skills, social skills and nutrition.
