

FUTURE STREAKS BASKETBALL PROGRAM

Program Outline:

The Future Streaks Travel Basketball program try-outs are March 2nd and will begin its 3rd season on March 10th for boys and girls grades 4 through 8. Future Streaks Basketball is open to all Warren Hills District sending children and will consist of Skill Development and Competitive Play. This proven "multi-sport friendly" program is modeled after several successful current Warren Hills AAU teams and is the "OFFICIAL" feeder program for Warren Hills Basketball.. The coaching staff is comprised of current AAU coaches, High School coaches and volunteers - both parents and high school players. Our coaching staff is also regularly engaged with the Warren Hills High School coaching staff to ensure we are preparing your athlete for the next steps in their development from a "Future" to a "Blue" Streak.

During the spring, practices will be held twice a week. All **boys** participating will practice on **Mondays and Wednesdays** and all **girls** will practice on **Tuesdays and Thursdays** at the Warren Hills Regional High School gyms. Practice times will be 6:30 to 8:30 pm for both groups. The 2-hour practice sessions will be broken up into group skill development and then players will break out into their respective teams. Each team will consist of 8 to 10 players and it is possible to have two teams at the same grade level if the numbers of participants and coaches allow it. Teams will be separated per grade and only combined if numbers are low. We encourage all participants to attend each and every practice to ensure the success of both individual and team development. We understand that many children are multi-sport athletes and conflicts will arise. It is important to note that we have contacted many of the neighboring athletic programs and have asked for some scheduling consideration based on our practice schedule in order to maximize participation.

Synergy

Another main reason for this program is to build harmony and unity among teammates. Playing together now will develop their synergy on and off the court for years to come. While players maybe from different districts and schools, they have an opportunity to develop into one united team. They also have the opportunity to build friendships and bonds that will last a life time. They learn to anticipate teammate's moves and habits creating continuity on the court that we anticipate will transfer into a winning team for years to come. Don't be tricked into other programs, we are building the future of Warren Hills basketball right here!

Skill Development

The goal of this program is to provide your children a program where they can work on their strengths, as well as their weaknesses, in a well-disciplined and competitive environment. It is extremely important to us that each and every one of the children become a better basketball player after they have gone through our various programs.

Competitive Play

We will be offering various ways in which your athlete can participate in competitive play, tournaments and summer league play. Each team will participate in three other tournaments in locations to be announced. All teams will participate in the Forks Summer League.

Program Fee

The Future Streaks program fee is \$230.00 which includes two weekly practices (M/W or T/Th) from March 10, 2014 to July 25, 2014 and a minimum of three weekend tournaments. This fee also includes enrollment in the Forks Summer league. Additional cost will include an AAU membership fee of \$16.00 and if you do not have a uniform already, the cost is \$75.00. No other program can compete with this cost for close to 5 months of training and 20 plus games! The cost may increase slightly based on expenses.

Try-Outs

Every player is required to try-out for the program. It is unfortunate that some children may not be selected for the program, but it may be necessary. Much of this will rely on the number of participants and the number of coaches.

•Free Try-outs Located at the Warren Hill High School on **Sunday March 2, 2014.**

** We ask that you please arrive 15 minutes prior to your scheduled time to register
