Washington, NJ 07882

May 16, 2014

Hi Parents –

We are so appreciative of the overwhelming response to donate food/drinks and decorate doors for Teacher Appreciation Week. The Week itself was positively received by all teachers at both schools. There was excitement with the various food selections, the door decorations of homeroom/ non-homeroom teachers, and finally the two days of activities in the classrooms. Many teachers commented on the thoughtfulness of the room representative's classroom activities. One teacher said, "I don't know who I like more – the kids or the parents", another teacher said "you thought of everything", and the non-homeroom teachers were so thankful to be recognized by the parents.

Most of you know our goal this year was to take Teacher Appreciation Week back to the fundamentals, *appreciation*. With your help and support, we successfully made every teacher smile, filled their bellies and demonstrated support from the parents of Washington Township.

We sincerely thank you,

Michele, Lydia & Beth
