

WHRMS invites you to

Family STEM Night

*Science, Technology, Engineering, and Mathematics (STEM)
is what our students need for the future!*

Who: Current 5th – 8th grade students and their families

Where: Warren Hills Regional Middle School
64-66 Carlton Ave
Washington, NJ 07882

When: Thursday, February 26 from 7:00pm to 8:30pm

Why: To learn about the exciting opportunities for students interested in Science, Technology, Engineering, and Mathematics

What: You can...

- Learn more about STEM and its opportunities
- Learn about Computer Science @ Warren Hills
- Play computer games designed by high school students
- Learn basic computer programming
- See and interact with the Team IMPACT Robot
- Learn more about the Warren Hills Robotics Club
- Try your skills with a Rubik's Cube and Chess games
- Learn about our Girls Coding with Girls program
- Play mathematics games
- Learn from students at the Middle School Science Fair
