Mission of the Child Care Program

Washington Township School's Child Care Program is committed to assist parents before and after school hours by providing a safe, as well as fun, environment for the children.

- Children from kindergarten to sixth grade will be supervised in a safe environment by adults employed by the Washington Township BOE.
- Children will participate in outdoor/indoor activities using the school's facilities, supplies and staff.
- A childcare staff member will be available to offer homework assistance during library time Monday through Thursday.
- A snack will be provided, free of charge, in After Care, while Before Care will offer a daily breakfast amenity.

Program Description

Before Care

Before Care is offered at the Brass Castle School during the hours of 7am – 8:45am. ***Students should not arrive sooner than 7am, as our childcare staff is not available until that time.*** The drop off parent(s)/guardian(s) must accompany the child to the Child Care room and sign in. Children that arrive between 7am - 7:45am will be provided a breakfast. They may also bring their own choices of morning snacks. Milk and paper goods will be available during breakfast time. Children participate in activities until approximately 8:40am. At that time, Port Colden students proceed to a designated location to await bus transportation. Brass Castle students proceed to their grade-level designated areas.

After Care

The After Care program is housed in the Port Colden School and runs from 3:30pm to 6pm daily. An afternoon snack is provided during after care or a parent may send a snack for their child. Daily curriculum activities will vary. Arts and crafts activities are available typically 2 times per week. Homework assistance will be available, as needed. In addition, students have an opportunity to prepare their own snacks; participate in table games or an indoor/outdoor activity, contingent upon weather and available staff; and view appropriate movies.

General Billing Information

- a. Checks should be made out to Washington Twp. School Child Care. An online system is available to make Child Care payments.
 - b. All fees are to be paid on time each month.
 - c. As this is a parent-paid program, the child may be excluded from Child Care if payments are late.
 - d. A \$1.00 per minute fee/per child will be charged for children picked up after 6pm. All late charges will be included in the monthly bill (minimum \$5.00 charge). Parents who consistently (3 times) pick up their child(ren) late will be asked to find child care more suitable to their personal time schedule.**
 - e. Parents must inform the Program Director if there will be a change in attendance before the billing month begins. Alterations in billing will not occur until the start of the next month - ask for change of attendance form.
 - f. Child Care bills that are more than 45 past due may result in a child being excluded from the program and the bill will be referred to a collection agency.
-

Monthly Billing Procedures

- g. There are 180 student days (approximately 36 weeks of school-180 days divided by 5 days in a week = 36 weeks). For ease of billing, we divide 180, the number of student days, by 10, the number of months we are in session. It averages out to 18 days per month. Using this method, parents are billed the same rate each month. Parents are reminded that some months have more instructional days (October, January, March) while other months have less (November, December, April, June.) The average is still 18 days per month.
- h. Billing will occur at the beginning of the current month and payment is due by the 10th of that month.
- i. Parents are reminded to pay their child care tuition bills by the 10th.

Parents/ guardians may wish to submit additional information such as cell phone numbers or additional alternate contacts.

B. Attendance Records

Each day when the children arrive to the program, attendance will be taken. Each day's attendance form also acts as the sign-out form. To sign-out your child(ren) please find their name on the list, sign your name, and note the time you are picking- up your child.

Behavior Management

Our goal is to provide a safe and respectful environment for all the students. Children will be participating in fun and safe activities that help develop self-esteem and social interactions.

- Children are to abide by the same daytime school rules and regulations mandated by the Washington Township Schools during before or after care programs.
- Respect to adults and to other students are of great importance. Swearing/cursing or threats of any type will not be tolerated.
- Disciplinary issues will be addressed with the student privately and on an individual basis or circumstance. If the same type of offense continues, the appropriate parent will be notified in writing as to the issues and action taken by a staff member.
- Behavior Management Procedures:

The following consequences may be taken, but not necessarily in the following order.

- Think About It Time - Students may be requested to sit out of an activity for a short time if behavior becomes physically disruptive. Prior to resuming the activity, a staff member will sit and discuss the occurrence and/or make recommendations or suggestions.
- A staff member in the care program may be required to speak with an administrator concerning a student's misbehavior in order to gain insight as to the issues of the day.
- If behavior by the student remains unchanged or becomes repeatedly disruptive, the student will be required to be limited to a non-participative activity.

- The parents will be contacted, either by phone or personal contact.
- Disrespectful behavior will not be tolerated. The student will be required to take time to think about their actions.
- If after the interventions noted above, the student continues to demonstrate disruptive behavior, the childcare director will complete a discipline report detailing the child's behavior. The report will be forwarded to the parent(s)/guardian(s) and school administrator.
- If a child cannot follow Child Care behavioral expectations and directions, they may be suspended from the program.
- Children are able to use personal technology devices (i.e. iPads, cell phones, etc.) for games, music, and homework. However, children are NOT permitted to take videos or pictures during before or after care for any reason.

Health & Safety

- A nurse is not available during child care hours. Medications will not be administered by the Child Care Staff. However, the child may self-medicate (inhaler/epi-pen only,) if a release form is signed by the child's doctor. Staff members may store the medications as needed.
- In order to insure a healthy environment, the staff will decide if a child is too ill to remain. The parent(s)/guardian(s) will be notified and the child will be picked up.
- Children with severe allergies will be required to provide a signed copy of the "Authorization for Emergency Care for Children with Severe Allergies" form detailing any allergies, food or otherwise, from which their child suffers at the time of enrollment. This form can be obtained by request.
- Children will be excluded from participating in the program if they exhibit symptoms of any communicable disease. They will not be permitted to return to the program until they are no longer contagious. Children must present a doctor's note stating such. In the event that a child becomes ill during the program, a parent will be notified to pick up their child.
- Should your child be involved in an accident during the course of before or after care, a staff member will complete an accident report regarding the accident. The accident report will be copied to the school nurse.
- For the safety of the child, parents are required to provide notification in the form of a doctor's note of any allergies with instructions for treatment should a child have an allergic reaction. If there are particular foods that the child cannot eat during snack a list must be provided.

Personal Items

Children are permitted to bring personal items/ toys to be used during playtime. Please be aware the childcare program and childcare personnel are not responsible for lost, missing or stolen items.

Bathroom Use

Children may use the bathroom or get a drink of water at any time. Younger children will use the buddy system. Students attending the program must be fully potty-trained and able to utilize the bathroom facilities independently.

Snacks

Children must wash their hands prior to receiving a snack.

- a. Snacks will be provided for the children free of charge. However, children may bring their own snack.
 - b. Children are not permitted to share their own snacks from home, as it could cause an allergic reaction. An example of this would be a student bringing in a snack made with peanut oil and sharing it with someone allergic to peanuts.
-

Activities

The Before Care and After Care programs are committed to providing activities that are fun and aid in the development of children's creativity and physical ability, while at the same time increasing self-esteem and social interactions. The program makes use of the school's available space outdoors i.e., outdoor equipment, basketball courts, and fields. Arts/crafts and coloring will be available to the children, as well as games. Programs will also take advantage of the library facilities for homework study time.

Homework Time

Homework time will be offered to all children Monday through Thursday. The Child Care staff cannot force children to do homework, but all students are welcome to participate. At least one staff member will be available to assist children in completing homework.

- Children may work on schoolwork during Homework Time, however, Homework Time is the only time a staff member will be available to assist.
- Homework Time can also be used as a silent reading period. This is a separate program.
- Staff members are to "assist" children, but do not have the time to tutor a child.
- Homework Time will usually begin after a play period and snack. This gives children a chance to unwind from a long day in the classroom.
- During Homework Time children are to be quiet, unless asking for assistance or helping another child.

- After completion of homework, students may rejoin the rest of the children in After Care.
