

Team sports play an important role in the lives of children as they grow and develop. The Washington Township Panthers Organization helps the children of our community build self-confidence, gain leadership skills and stay physically active. We welcome all kids grades K through 8 to join our team. Send us an email with any questions you may have. [contact@wtpanthers.com](mailto:contact@wtpanthers.com)

We are looking for a few more players to round out our 7th/8th grade team. You can register at [www.wtpanthers.com](http://www.wtpanthers.com). You do not need prior football experience. This is a great opportunity for any middle school aged kids who are considering playing high school football to come out and learn the game!!

We are still accepting players at other levels as well!

\*This is not a Washington Township School District sponsored event.
