

Breakfast / Lunch Program

2022-23

IMPORTANT REMINDERS

This year, student breakfast and / or lunches are available for purchase. During the previous two years the federal government approved free breakfasts and lunches for all students. The program was not funded this year and families will be charged for meals.

- Students may be eligible for free / reduced meals based on income levels. All families are encouraged to complete the form and return it to school. The completion of these forms is critical in supporting the student and has a major impact on our school funding. If you need assistance completed the free / reduced lunch form, please contact your child's school.
