System of Care Partners and Community Stakeholders

Re: 2023 System of Care Quality Improvement Survey

TriCounty Care Management Organization (TCCMO) realizes it takes a joined community of system partners (behavioral healthcare agencies, the courts, community collaborators, public/private school systems, Family Support Organization, Child Protection & Permanency, Mobile Response Stabilization Services, Intensive In-Community, Intensive In-Home, Individual Support Services providers, and mentors) to keep families strong. It is by a model termed "wraparound" that strategies and services are brought together to foster stability in the lives of children/youth and families with emotional and/or behavioral health challenges, developmental disabilities, and/or substance abuse issues. To that end, we are seeking your input to assess the quality and effectiveness of our efforts and increased opportunities for collaboration.

The survey is comprised of nine questions, will take about 5 minutes of your time and is open until April 28th. Please click the link <https://www.surveymonkey.com/r/J9N7XWK> and feel free to expand upon your answer by utilizing the "Other (please specify)" feature. Thank you.

Sincerely,

A handwritten signature in black ink that reads "James Parauda". The signature is fluid and cursive, with the first name being the most prominent.

James Parauda
Executive Director
