

Greetings AlphaBEST District Partners. We are so excited that the new school year has begun, and we are in full swing. We wanted to update you on all the fun things here at AlphaBEST as well as some important information. We hope to continue this wonderful partnership and we appreciate your continued support.

Quarter 1 Summary

STEM

For this unit, Your children will be engaging in different activities that will focus on Science, Tech, Engineering, Art, and Math

FITNESS

The children will incorporate this learning through fitness and outdoor play. The purpose of this curriculum is to engage our students in demonstrating critical thinking and teamwork.

MAKER

Survival Challenge: In this curriculum, your children will have different challenges where they will put their problem-solving skills into use such as creating a shelter to keep their team from getting wet on Maker Island

ART

Students will be exploring different Artists from around the world such as Vincent Van Gogh and Piet Mondrian

LANGUAGE & CULTURE

This quarter your child will be learning about Panama, Ecuador, and Paraguay

Important Reminders

Outdoor Activities: During our time outside, we want to remind our students that we are to remain within the AlphaBEST boundaries and play with our AlphaBEST teammates. We are not to be mingling with our community friends. This is for the safety of our students in our program.

Absences: If your child is not going to attend AlphaBEST, please communicate that to the Site Director and the school staff. We greatly appreciate it!

Medication: Should your child need medication while in our care. Please complete the AlphaBEST Medication Authorization form as well as bring in your child's medication in its original container with their name and prescription.

Attire: Cooler weather is approaching, please kindly pack a jacket for your child

Bussing: Please communicate with the AlphaBEST Site Director and school staff should your child need to be bussed to Port Colden in the AM or PM. We want to ensure that your child has a safe and smooth transition to and from our programs.

Remind App: This app allows us to easily and quickly communicate with our families. If you haven't done so already, please download the app.

Bussing: Please communicate with the AlphaBEST Site Director and school staff should your child need to be bussed to Port Colden in the AM or PM. We want to ensure that your child has a safe and smooth transition to and from our programs.

Remind App: This app allows us to easily and quickly communicate with our families. If you haven't done so already, please download the app.
