

CARE IN ACTION

CarePortal

A Care-Sharing technology that connects schools and agencies with trained community responders. When a child-centered need is submitted, local volunteers step in to help.

Why It Matters

Every time you say “yes,” you help **stabilize a family, prevent foster care,** and give children the chance to **thrive.**

How It Works

 **1. A Need Is Identified**
Trusted caseworkers submit requests (e.g. beds, food, transportation).

 **2. You're Alerted**
Churches & community members get a real-time notification.

 **3. You Respond**
Donate, deliver, or share — your action brings hope and help.

What Needs Might Look Like

A bed or crib for a child

Baby items or diapers for a family

School supplies or clothing

BE THE DIFFERENCE!

SHARE OUR MISSION

**DONATE \$25 TO
FILL A CARE BAG**
