15. Motion by _____, seconded by _____, to approve the WTSD Mentor Plan and Professional Development Plan, Statement of Assurance (SOA), as recommended by the Superintendent.

RCV:

Washington Township School District Mentor Plan – State regulations require the CSA to share the Mentor Plan with the BOE for related fiscal impacts. The fiscal impact of the mentor plan is minimal as the Mentor and the Resident will meet outside of School District contracted time. As in the past, the Resident is required to pay the Mentor fee and the BOE Business Office will continue to handle mentor payments.

Washington Township School District Professional Development Plan – State regulations require the CSA to share the District's Professional Development Plan with the BOE for related fiscal impacts. The District will allocate approximately \$12,110 to cover the costs associated with the district and school Professional Development Plans which includes ESEA Title IIA funds, in the amount of \$9,610. Funding will be allocated for consultants, workshop registrations, supplies and substitute teachers.

20. Motion by _____, seconded by _____, to adopt the following Resolution to request the Sharing of PILOT Revenue from the Washington Township Municipal Government to the Washington Township Board of Education, as recommended by the Superintendent. **(Attachment #12)**

RCV:

Washington Township Board of Education

Resolution for Sharing of PILOT Revenue – November 2026

Whereas, the Washington Township municipal government and the Washington Township Board of Education enjoy a long, collaborative relationship from which families, taxpayers, and all residents of the town benefit,

And both bodies are equally committed to serving the best interests of the taxpayers,

and

Whereas, responsibility for residential and commercial development in town rests with the Planning Board, Mayor, and Township Committee,

And in the course of attracting desirable investment and development to the town, the municipality may enter into agreements with developers to accept payments in lieu of taxes (PILOT)

And such agreements may be beneficial to all affected parties, and are acceptable and governed by state statute, and

Whereas, these statutes allow payments to go directly to the town (95%) and county (5%) such that these developed properties no longer contribute to what would be a tax revenue stream earmarked for the school districts (local and regional),

Whereas, the value of the PILOT developments and the income of the residents increased the township’s Local Fair Share according to the current state aid formula, thereby significantly decreasing the state aid the district receives.

And this is an unintended and undesirable consequence and unrelated to the benefits achieved through PILOT agreements.

Therefore, it is desirable, and beneficial to Washington Township taxpayers, that the school districts share in the revenue received by PILOT agreements, and

Therefore, the Washington Township Board of Education is requesting that

a. Twenty-eight percent (28%) of PILOT revenue received by the township of Washington – which is equal to the district’s share of all property taxes collected by the township – be shared with the Washington Township Board of Education, to the benefit of our taxpayers,

or

b. The township pays the Washington Township school district the full cost (less per-pupil state aid) for students being sent from PILOT residences. This amount shall include special education costs that are not reimbursed by the state,

and

That revenue from future PILOT agreements be likewise shared in a manner consistent with normal property tax apportionment or per pupil costs,

and

that the Washington Township Board of Education be recognized as a stakeholder in matters of new development and so be included in related future conversations.
